- Exceptional value at a fraction of the cost of T1 or other dedicated services
- Reliable and predictable performance offering Internet services beyond 100Mbps
- Support of VoIP (Voice over Internet Protocol) phone service
- Guaranteed upload and download speeds, great for applications such as VoIP and video streaming
- Connect your remote offices with our Metro-Ethernet product via Fiber or Wireless

Service and Support

- Guaranteed, professional installation
- Priority business support, available 24/7
- On-site support, as needed

Network Security

- Full end-to-end network security based on Juniper and Cisco products

Video Surveillance

- Security surveillance solutions for business. Trust the company that designed and installed the State Street security camera network.
- 2009 Award from the Madison Police Department and City Information Technology group for our video surveillance services.

Increase Productivity - Lower Your Costs

A NEW STANDARD IN BUSINESS INTERNET SERVICES

Mad City Broadband understands the challenges facing businesses in today's competitive marketplace. To succeed, you need to effectively leverage technology that increases your productivity and efficiency, and keeps you connected to your customers, vendors, and employees.

Mad City Broadband is able to offer a multi-platform approach to servicing your business Internet, data and communication needs.

A PARTNER YOU CAN TRUST

Mad City Broadband offers dependable, cost-effective broadband solutions offering guaranteed symmetrical Internet service, along with features designed for businesses like yours. Your business will have access to a standard based Metro-Ethernet infrastructure utilizing technologies from leading network equipment providers such as Cisco Systems, Juniper and others.

For over 4 years, Mad City Broadband has worked with businesses like yours to help them connect—and grow. Our business solution offers a premium suite of features and services designed to grow with your business as it grows. All of our business customers can count on dedicated, quality customer support.

STABILITY AND EXPERTISE

Mad City Broadband is a Xicom Wireless company, a truly global wireless company with tremendous financial backing. With both domestic and international wireless broadband networks, Xicom Wireless is able to bring the applications of the future to your business today; this provides the level of certainty a business owner needs in these economic times to make a long-term decision.

WHAT OUR CUSTOMERS SAY ABOUT MCB

"The MCB business Internet service is extremely fast and reliable." Brandon Arbin - Sevenwire

"MCB's prices are a fraction of what TDS charges, they deliver very good bandwidth and it's more reliable than TDS." Planet Madison
